

COURT UNRAVELS ALIMONY TANGLE

Husband Says Wife Demanded All, or Nothing;
Gave Nothing.

GETS TIME TO SETTLE

Levinda Rance Alleges That
Spouse Drinks to Excess;
Decree Granted.

Refusal of a proffered payment of alimony, on the theory of all or nothing is a poor business policy for any divorcée, according to a ruling of Judge W. W. Morse at the regular divorce matinee in the district court yesterday afternoon.

Beulah Jacobs had Henry Jacobs tried to show cause why he had not paid back alimony amounting to \$340. "I offered her a part payment once and she wouldn't take it and that is why I'm so far behind," Jacobs told the court.

"He told me if I didn't take part payment I would not get anything and she was very mean about it," exclaimed Mrs. Jacobs.

"I said no such thing," retorted Jacobs.

"You did, you did, because you know you did, so there now," replied the woman.

Reparée was being developed to a fine point between husband and wife when the court interfered and ruled that since the plaintiff had voluntarily refused a payment on the back account Jacobs could not be held in contempt of court. However, it was also ordered that Jacobs should make some further payment within three weeks.

Says Husband Drank.

The light of coming home in bibulous condition three times a week doesn't make the kind of a husband Levinda Rance wants and she found no trouble in obtaining a divorce from Samuel J. Rance on such a representation. Rance never tries in his drunken spree, according to the testimony of Mrs. Rance and her daughter, Irene Rohner.

Rance, through his attorneys, asked permission of the court to see his 9-year-old daughter once a week. Mrs. Rance demurred, declaring that the little girl should be protected from the influence of a drunken father. The court, compromised by ordering that Rance would be allowed to visit his child once a week, but only in the day time and only when perfectly sober.

Chester A. Dower was given a divorce on default from Mary S. Dower, whom he charged with desertion. They were married in Brooklyn nine years ago and shortly after the wedding ceremony the bride, who was a Mexican woman, ran away. Dower said he had been able to find her and had heard nothing of her since that day.

Mrs. Grant Gets Decree.

Elmer M. Grant was given a divorce from U. S. Grant and custody of two minor children. She testified that Grant had deserted her and that she had been forced to go into the millinery business for a living.

A tale of non-support won a decree for Bessie Wilkie from George M. Wilkie.

Minnie Dudley was granted a divorce from Charles V. Dudley, whom she charged with failure to provide and drunkenness. She was given custody of a child.

Final decrees were given George M. Valentine from Sadie S. Valentine and Nellie C. Kendall from Arthur H. Kendall.

PEACE ENVOY IS PUT TO DEATH BY ZAPATA

MEXICO CITY, Nov. 29.—Emanio Zapata, the insurgent leader, carrying out a recent threat that he would put to death any additional peace envoys sent by the government to treat with him, a few days ago passed the sentence of death on two men who had approached him on behalf of the government, according to news received here today from Exauatla, Morelos. One of the men was shot. The other escaped.

A dispatch to the Imparcial from Vera Cruz says that W. W. Canada, the American consul, has informed the correspondent of the Imparcial that the United States battleships Kansas, Michigan, Vermont and South Carolina soon will visit Vera Cruz.

The news has caused apprehension here as it is considered unusual that naval visits of courtesy should be in such strength.

STEEVER DISCREDITED REPORT OF INVASION

EL PASO, Tex., Nov. 29.—No news of the reported invasion of New Mexico in Sierra county by Mexican rebels has been received at Fort Bliss from the border patrol, which covers every part of the New Mexico and Old Mexico border. Gen. E. Z. Steever discredits the report. If true, it is believed that the mounted and armed men compose some expeditions organized in the United States with the intention of entering Mexico to participate in the rebel operations about Juarez.

CHARGES AGAINST GORDON DISMISSED

CLEVELAND, Nov. 29.—Charges against Attorney William Gordon, Democratic congressman-elect from the twentieth Ohio district, of having accepted a bribe to secure the passage of a bill, was dismissed by Judge William Vickery and C. J. Estep here today as "unjust, untrue and without foundation."

Attorney R. L. Deeran of Tiffin, O., filed the charges during the last campaign. The fee in question was for the settlement of an estate.

A. J. Bailey, a R. R. engineer, Batesville, Ark., says: "I suffered with kidney and bladder trouble so bad I was unable to work. I had such severe pains in my back I could hardly get up. I tried several physicians with no result, but Foley's Kidney Pills have done wonders for me. I recommend them to all." Schramm-Johnson, Drugs. (Advertisement.)

Years of Suffering

Catarrah and Blood Disease—Doctors Failed to Cure.

Miss Mabel F. Dawkins, 1314 Lafayette St., Fort Wayne, Ind., writes: "For three years I was troubled with catarrah and blood disease. I tried several doctors and a dozen different remedies, but none of them did me any good. A friend told me of Hood's Sarsaparilla. I took two bottles of the medicine and was as well and strong as ever. I feel like a different person and recommend Hood's to any one suffering from catarrah."

Get it today in usual liquid form or chocolate tablets called Sarsatabs.

HUNDREDS KILLED IN THE PHILIPPINES

Great Damage Caused by the
Typhoon Which Swept Islands Several Days Ago.

MANILA, Nov. 29.—Owing to the prostration of the telegraph wires, no definite estimate is yet possible of the number of fatalities or of the property losses caused by the typhoon that crossed the Islands of Samar, Leyte and North Panay several days ago.

Such information as has been received indicates that 250 persons were killed at Samar and Leyte and forty in the other territory traversed by the storm. Despite the enormous damage in Tacloban, capital of Leyte, the fatalities there were less than a dozen.

The government is forwarding relief supplies to the stricken district. No word has been received from Mindanao except a wireless dispatch from the transport Warren, which said the storm was unusually severe.

WASHINGTON, Nov. 29.—A typhoon swept Visayas, Philippine island, on November 25 and carried away three-fourths of the town of Tacloban and the capital of Leyte, according to a dispatch received today at the insular bureau from the governor-general of the Philippines.

No details of the disaster were told in the brief report and no estimate was made of the loss of life. War department officials say that there is no reason for believing that a great number of lives were lost.

TESTIFIES TO SAVE HIS WIFE

William T. Kirby Declares
Woman Did Not Profit by His
Banking Operations.

CHICAGO, Nov. 29.—William T. Kirby, banker-physician, testified before Federal Judge Landis today to save his wife from possible punishment for contempt of court by shouldering all the blame of various transactions which precipitated the failure of the Kirby Savings bank.

The banker was placed on the stand at the conclusion of the case against Mrs. Kirby.

Later he was questioned in his own behalf, similar proceedings being in process against him in which a demand to turn over \$10,000 has been made by Judge Landis.

"My wife never got a dollar of the \$20,000," said Kirby. "She brought \$10,000 in one-thousand-dollar bills to the Blackstone hotel. I had already taken \$10,000 from the bank myself. I had \$20,000 in a vault when I left the Blackstone in the taxicab with a man whom I do not know."

"We rode to a store on Michigan avenue. We went to the rear of the building. I handed some of the \$20,000 to the man and put some of it in my own pocket. My wife got none of the money, nor did she know anything of my transactions."

The phone is out, what a relief. B. K. Walton left cream on three weeks' trial for two years, never failed in nineteen years to cure eczema, pimples, freckles, discolorations. Price, \$1.00 C. O. D. P. O. box 107 Salt Lake. (Advertisement.)

SUFFRAGE BAND CONTINUES HOSTILE

Rock Is Hurlled at Carriage
Supposed to Contain Lloyd-George.

ABERDEEN, Scotland, Nov. 29.—Some excitement was caused here this evening when what at first was believed to be an infernal machine intended for David Lloyd-George, chancellor of the exchequer, was found in the hands of a suffragette who was discovered hiding in the hall where Mr. Lloyd-George was to deliver an address.

It turned out, however, to be a box containing fireworks. The woman who had it and two of her suffragette companions were arrested. They were hiding behind the organ in the music hall and were discovered before the doors were opened.

After the meeting another militant suffragette hurled a stone at one of the automobiles occupied by Mr. Lloyd-George's party with the intention, it is believed, of injuring the chancellor. She picked out the wrong car, however, and the missile went through the window of one that was not occupied by Mr. Lloyd-George. This woman was arrested.

In his speech the chancellor said that a great change "in the present ineptitude of the government was imperatively necessary." In the Highlands thousands of acres which could be used to produce the finest soldiers in the world had been transformed into deer preserves.

He added that statistics showed large numbers of robust fellows were leaving the country annually as though it was plague-stricken, and said much of this emigration would be stopped by a free land system.

DIVIDENDS MAY GO HIGHER SOON

Utah Copper, Ray Consolidated
and Chino Copper Now in
Favorable Situation.

SPECIAL TO THE TRIBUNE.

NEW YORK, Nov. 29.—Dividend developments in the three important porphyry companies, Utah Copper, Ray Consolidated and Chino Copper, will come probably early in 1913. Chino will go on a \$4 per annum basis as soon as the company has \$1,000,000 in cash on hand, and that depends upon the promptness of the company's turnover of its metals. Until the recent revival in foreign demand Chino had sold little copper for a long time, and while the present outlook is good for an initial dividend declaration next month, a lagging copper market would probably mean that the initial dividend would not be paid until the first of April.

Ray Consolidated is expected to be in a position to inaugurate a dividend at the rate of \$2 a share on the 1st of April, and it is expected that Utah Copper will increase its rate to \$6 a share at the same time.

FARMER WAS "FENCE" FOR BAND OF ROBBERS

CHICAGO, Nov. 29.—Arrest today of four men alleged to be members of a formidable gang of robbers, resulted in the discovery in a barn of loot consisting of automobiles, motorcycles, piles of clothing, leather and other merchandise, said to have been stolen in systematic raids on freight cars.

It is alleged that automobiles stolen by the gang were traced to a farmer at Shawville, Ill., who disposed of cars shipped to him.

CASE OF B. F. O'NEIL IN HANDS OF JURY

CORCORAN, Ill., Nov. 29.—The case against B. F. O'Neil, former president of the defunct State Bank of Commerce at Wallace, who is charged with violating the banking laws in that he issued a false bank report in May, 1909, went to the jury today.

In its instructions the court said that former Cashier E. S. Wyman was not an accomplice, and that it devolved on the jury to determine whether Wyman's predecessor, Gary Burke, was.

"Movies" Did Not Help.

By International News Service.

WASHINGTON, Nov. 29.—Clarence F. Duggan, Republican candidate for congress at Colorado Springs, Colo., found moving picture advertising an unprofitable campaign pursuit, according to a statement filed with the clerk of the house today. Although he spent \$1812, of which \$466 was to display himself in the "movies," he was defeated.

BUDGET COMMITTEE WILL BE PROPOSED

House Democrats Lined Up
in Advance Against Suggestion of President.

WASHINGTON, Nov. 29.—A revolutionary reform in the entire fiscal scheme of the government is projected in a resolution to be pressed in the house at the coming session by Representative Sherley of Kentucky, the third ranking Democrat on the house appropriations committee.

Representative Sherley's resolution contemplates the creation of a budget committee in the house which shall have original jurisdiction over all estimates for annual expenditures and shall allot the various appropriation committees of the house the amounts available for the various branches of the government service. Every effort will be made to have the measure operative with the advent of the new Democratic administration, Mr. Sherley said today.

The resolution will run counter to the budget proposals of President Taft, which will be submitted to congress in a special message just before the holidays. The president contemplates a general budget scheme by which the estimates of the various departments will be submitted to the house in bulk, with a general statement of the country's financial condition.

Chairman Henry of the rules committee said he was in sympathy with the purposes of the Sherley resolution and that he believed favorable action by the committee on the resolution or one along similar lines could be secured at the coming session.

The resolution would create a committee consisting of the chairman and ranking minority members of each of the house committees handling appropriation bills, the chairman and ranking minority members of the ways and means committee and the chairman and the ranking minority members of the rules committee.

"I believe this plan will be worked out," Representative Henry said, "if the committee can be held down to fifteen or eighteen or twenty members. Under the Sherley resolution there would be thirty members of the committee, which would be too bulky, I believe."

While the Democratic congressmen planned a budget system at the capitol, the president today spent two hours going over the estimates for the next fiscal year and planning the budget message which he will send in with a sample budget statement to be prepared by the economy and efficiency commission.

"The house," said Mr. Sherley, discussing President Taft's proposal, "will never brook any usurpation of its power of collecting and expending the government funds by the executive officials of the government."

AUTO THIEVES MAKE ANOTHER RICH HAUL

CHICAGO, Nov. 29.—For the second time within a week thieves early today hurled a horseshoe, wrapped in a newspaper, through the window of a store on Michigan boulevard, loaded their plunder in an automobile and escaped. Furs valued at \$1500 was the latest loot of the "automobile bandits," taken from an establishment at 604 South Michigan boulevard. Last week the same gang, the police say, robbed a jewelry store a block away of \$2500 in gems by breaking the window with a horseshoe.

TOYS AND DOLLS

1/2 TO 1/3
Reductions

Two great sample lines—including nearly every kind of toy manufactured. Finest kid and dressed dolls in all sizes.
